# Nutritionally Better

## OMEGA-3 FEED

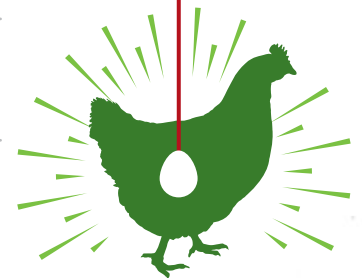

**linPRO-24** is a stable, free-flowing Omega-3 feed ingredient developed specifically for the enrichment of eggs and meats.

- Sustainable approach
- Land-based ingredients
- Shelf-ready safe (No grinding)
- Stable, > 12 month life

### Benefits

- ✓ Increased Omega-3 density to maximize cost effectiveness
- ✓ Analytical in-house testing (NIR) to support the fat and Omega-3 profile of **linPRO-24**
- ✓ Consistency of Omega-3 fat density in **linPRO-24** complements the Omega-3 enrichment of food
- ✓ Proven performance in flocks
- ✓ Improved nutrient digestibility compared to raw flaxseed, supported with University results
- ✓ Supported with analytical lab validation of the omega-3 fatty acid profile of Omega-3 eggs and meats
